Dear Ma'am,

You built the foundation everyone else is standing on, and rarely get thanked for. Ma'am you that teacher who was the one to become the one teacher that was fun scary (very few times) and also roasted us made us laugh and understand concepts of English grammar in a way till today i remember the way how you taught us and also the methods and formulae.

May your day be full of good books and easier grading.

With love and gratitude,
